EXPERIENCE

July 2018 – September 2019

Dattner Architects, New York, NY | Architect
Lead architect during the Schematic Design, Design Development, and Construction Documentation stages of a 22,000 square foot renovation of a mixed office and student center at a community college.
Confirmed a strategy for supporting the new entry in the existing structure through work with the Structural Engineer
Developed diagrams and renderings to convey our concept to the client.
Maintained project budget by working with the Cost Estimator and Vendors
Assessed and updated client programmatic needs on a project basis.
Created a working Revit model from existing historical drawings

July 2017 – July 2018

STAT Architecture, New York, NY | Project Architect
Led weekly site meetings of four multi-family residences of varying sizes in West Harlem to ensure the project was moving forward and the client's needs were being met.
Led design and coordination of thirty-unit apartment building.
Reviewed and coordinated consultant and engineer drawings with architectural set
Spearheaded measurement and existing drawing documentation of five multi-family residences of varying sizes.
Created drawing sets for HPD and BLDS approval.
Prepared and coordinated PAA's for last minute changes.

December 2014 – July 2017

Studio Joseph, New York, NY | Project Manager
Created a layout strategy for a 2,600 sq ft exhibition through discussions with the museum and curator, breaking one large room into three discrete parts to tell the story of Jacob Riis, ultimately winning an SEG D Merit Award for outstanding design.
Collaborated with the contractor on construction techniques of artifact cases for ease and swiftness of installation in two week window.
Prepared construction drawings for DOB filing at private residences
Kept client abreast of project progress through presentation drawings and renderings

Fall 2013, Spring 2014

SCI-Arc, Los Angeles, CA | Teaching Assistant
Managed attendance and grades for a class of forty-five students.
Prepared and delivered one lecture per semester on topic of my choice.
Held office hours to work individual with students on areas in which they were struggling.

September 2009 - April 2011

AWL Industries, Inc., Brooklyn, NY | Project Engineer
Represented AWL at site meetings for projects with the Department of Design and Construction and Dormitory Authority of the State of New York
Managed mechanical work through preparation of RFI's, Change Orders, and Submittals
Produced shop drawings for steel fabrication
